

Product name - Skadoosh

Team name - The Goon Squad 2

Sprint completion date - Tuesday June 05, 2018

Revision number & revision date: 1, May 22, 2018

Goal: Be able to write anonymous or public reviews for a class

(User story 1) (13 story points) As a user, I want there to be an interactable chart for my major to record my progress

- Task 1: Create user front end (6 hours)
- Task 2: Develop and test the api calls to the database (10 hours)
- Task 3: Save to database, write backend (10 hours)

Total hours: 26 hours

(User story 2) (13 story points) As a user, I want there to be an interactable chart for my GE requirements to record my progress

- Task 1: Create user front end (6 hours)
- Task 2: Develop and test the api calls to the database (10 hours)
- Task 3: Save to database, write backend (10 hours)

Total hours: 26 hours

(User story 3) (5 story points) As a user, I want to leave reviews for the classes I have taken so future users can benefit from.

- Task 1: Create frontend review page (5 hours)
- Task 2: Create the queries on the backend and front end (10 hours)

Total hours: 15 hours

Grand total: 67 hours
