

Drawer and Logout Unit Test

Skadoosh by The Goon Squad 2

Tests performed by Aaron Chan

Test 1: Drawer should show and hide

- Login
- Press the back arrow at the upper left corner
- Press the three horizontal line at the upper left corner

Result 1

1. If back arrow pressed, the side drawer should be hidden
2. If the three horizontal line pressed, the side drawer should be shown

Test 2: Logout

- Login
- Press logout at upper right corner

Result 2

1. If logout successful, user should be redirected to the homepage
2. If logout failed, user should stay at their current location.
